

国际商务华语(口语)

Certificate in International Business Mandarin (Conversational)

Introduction

The Certificate in International Business Mandarin (Conversational) is specially designed for participants who wish to better equip themselves with Chinese proficiency skills in two areas – speaking and listening. At the end of the course, participants will be able to understand professional business mandarin language and converse fluently in complex business activities.

The programme prepares the participants for the Business Chinese Test (BCT), an internationally recognized test to certify the Chinese Language proficiency of an individual which also serves as a reference for companies to recruit, select and promote the employees. With the support by SkillsFuture Singapore (SSG), Singapore Chinese Chamber Institute of Business (SCCIOB) is the sole Business Chinese Test (BCT) centre in Singapore; administrated and awarded by Hanban Institute Headquarters, a public institution affiliated with the Ministry of Education of China.
